

I do not think the anti-Kerry message to be aired by/through Sinclair is good for the general public. Many people have heard stories about Kerry's war efforts;; I think that there has been enough input on this issue. Airing a program directed at discrediting Kerry two weeks before the election is only going to serve to scare people. It is not going to help anyone make a more informed decision. Since these are public airwaves, only positive messages which can help the public should recieve this space. Please do not air "Stolen Honor". It does not help the people. Thank you. Sincerely, Susan Calhoun
